Trading your device

You'll need to bring your old device with you to trade in, when you collect your new one.

Before you trade in, make sure you:

- back up your contacts and data
- remove any sims or SD cards
- wipe any sensitive information
- remove your phone from iCloud, iTunes & 'Find my iPhone' accounts, if it's an iPhone.

If you need help with any of this, you can book an appointment with an O2 Guru at your local O2 store.
